

Pas Reform Chick room fan

To maintain optimal climate conditions in the
chick storage room

Royal Pas Reform
Integrated Hatchery Solutions

Chick room fan

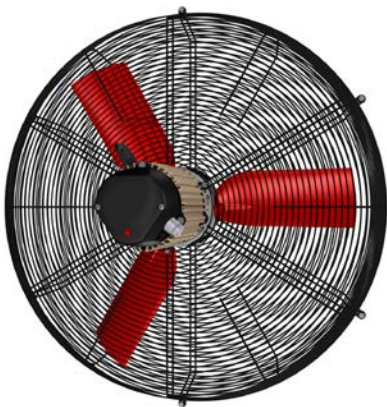

Benefits

Helps to maintain an ideal climate for newly hatched chicks in storage or for drying, with a configuration designed to circulate air efficiently through the corridor between two rows of stacked chick boxes. Mounted on its trolley, the fan is easily moved inside the room for optimal positioning. Engineered for dusty environments and fully portable, the chick room fan is suitable for high pressure cleaning.

Efficient air circulation between rows of stacked chick boxes
